This is a general notice i am sending to inform all interested individuals of Water's situation.

The Judge accepted the plea agreement that was offered: 3 years in state prison, followed by 5 years probation with a 30 year suspended sentence. The 3 years is a mandatory minimum on one of the four charges. The other 3 charges will be a 10 year suspended each. Meaning - if he gets in trouble anywhere in the country during his probation VA will put him back in jail for 30 years. VA does not have parole, so he must serve 85% of the jail term and he will recieve time off for the time he has already served. So he will be gone 28 - 29 months.

I am passing on his address and I know he would appreciate hearing from each of you. There are some rules: Cards, postcards, and letters on standard size paper; Blue or blk ink, pencil or colored pencils; photo's no larger than 6x6 (NO POLARIODS); Money orders completely filled out will be added to his canteen; and envelopes must have return address.
