CIVIL ACTION FILE NO.

STATEMENT UNDER PENALTY OF PERJURY

COMES NOW, Garrick Beck, who states under penalty of perjury:

1.

I am over 18 and competent to give this statement.

2.

There is a roadblock established approximately one miles from the area of the 2018 Annual Gathering site, which served as the entry and initial contact/information area for the gathering and through which virtually every person who attended the gathering passed. Forest Road 28-1 and State Road 77 provide the only means of vehicular access to and from the parking and supply facilities for the gathering, and virtually every person who is attending the

gathering uses those roads to reach and to depart from the gathering site. On the other hand, few, if any, persons not connected with the gathering are using or likely to use these roads at any time material. By virtue of its temporal and spatial proximity to the 2018 Annual Gathering, the police road block which the Defendant has maintained differs substantially from ordinary road blocks in that it is not designed or likely to serve any generalized law enforcement objectives but is instead targeted at those who attend the 2018 Annual Gathering while deliberately avoiding or strictly minimizing any imposition upon the residents of Lumpkin County.

Roadblocks have been set up on a Forrest Service Road 28-1 at the intersection of State Road 77 and 28-1. This is not a constant roadblock, but there is no pattern. The roadblock seems to be regularly operated throughout the day light hours at other places on State Road 77 the entire road is blocked.

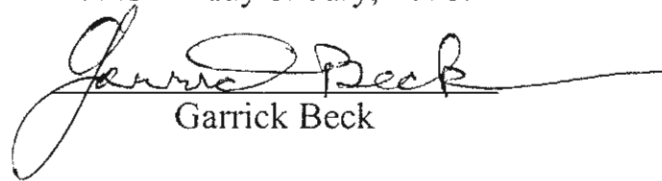

I was stopped at a roadblock on June 30, 2018 at 4:15. I was told to pull over to the side of the road. The officer asked me for my drivers license, insurance, and registration which I gave him. The officer then said to give him a minute while he checked these. The officer came back and asked if I had narcotics and other illegal contraband. I said absolutely not. The officer called for the canine unit. My occupant and I got out of the car because the dog had a positive hit. Nothing was

found. Six officers then went through my car for an hour and took everything out of the car.

5.

Other than driving on the road where we were stopped, there was no reason to stop us.

This 2nd day of July, 2018.
